**Lockitup** | github-link <https://github.com/spartanchick619/smu-02-project-lockitup>

Deploy-link <https://lockitup-01d4442e88e4.herokuapp.com>

- *Its shows how to save data for later use*
- *Its a group project i was responsible to develop the back end section*
- *Tools we used HTML, CSS, Bootstrap , JavaScript, SQL , node, express and react*

**Roam-ready** | github-link <https://github.com/SKhai77/roam-ready.git>

Deploy-link <https://roam-ready-79c746e8ffc3.herokuapp.com/>

- *Its blog post project*
- *Its a group project i was responsible to develop the Graph ql parts*
- *Tools we used HTML, CSS, Bootstrap , JavaScript, Mongoddb , node, express , react and GraphQL*

**Portofolio** | github-link <https://github.com/Hellobisrat/porofolioreact.git>

Deploy-link <https://tubular-eclair-a48831.netlify.app>

- *Its shows my skills on react native*
- *Its a personal project i used all front end with react frame work*
- *Tools we used HTML, CSS, Bootstrap , JavaScript, and react*

## EXPERIENCE

**Title of your role** Dispatcher                      **Year** 2021 – Year now

**Company Name**                      **Merob logistics LLC**                      **Dallas, TX**

Continuous communication with different brokers across the US brings load(business) to the company with the consideration of low cost and maximizing revenue. Since the position requires effective communication skills with different parties I have very good business communication skills.

- *Communicate with the brokers daily basis with the possible opportunities*
- *Study the market and plan for the future*
- *continuous updating the status to the brokers with mail,phone*

**Title of your role** Customer service                      **Year** 2016– Year 2021

**Company Name**                      **7-11 store**                      **Dallas, TX**

With the given daily sales goals serving the customer to the level of high satisfaction. Meet and exceed the sells of different products, clearly describe the promotion and serve the customer with minimum waiting time

- *Promoting promotions for the customer*
- *Online product order and followup\*
- *Resolve customer complaint in professional manner*
- *And all others assignment given by the manager*

**Title of your role** Production head                      **Year** 2015– Year 2016

**Company Name**                      **Horizon addis tyre**                      **Addis Ababa, Ethiopia**

Leading the whole production floor smoothly with working other departments like quality, store, maintenance, and making sure the production goal is fulfilled with effective use of resources mainly man, material, machine and energy. In Addition to the hard skills i have kept motivated my workers and prepare small on job training to keep focus on their work

- *Executing company production plan*
- *Monitor the performance of the plant*
- *Work closely to the engineering and sales team*
- *Give prioritized based on customer or sales requirement*
- *Ensure the product support the company overall strategies and goal*

**Title of your role**   **Production planning**

**Year**   **2015– Year 2016**

**Company Name**   **Horizon Addis Tyre**

**Addis Ababa, Ethiopia**

Preparing operational plans on monthly bases by using the business plan prepared by the top management. While preparing the operational plan continuous communication of different departments to make sure the working plan also works with their departmental objective. This is a core department in manufacturing industry I get a lot of technical and soft skills

- *Prepare higher level operative plan on monthly basis*
- *Prepare detail material requirement based on the operative plan*
- *Prepare production performance report (daily, weekly, monthly, quarterly, semiannual and yearly basis)*
- *Close follow up on the implementation operative plan (daily basis)*
- *Controlling semi-finished material stock level (bi-weekly basis)*
- *Consolidate monthly production plan with sales plan/requirement*
- *Prioritizing the production plan with on-going discussion to sales department and technique department*
- *Prepare plan for machine availability and mold cleaning (as required),*
